

June 20, 2023, Ottawa County Board of Commissioners
Health & Human Services Committee Meeting

Unofficial Transcript
Timestamp 54:05

Commissioner Allison Miedema: “Adeline this is for you, **as the health director at the moment**, just some questions on a different topic, things that are coming from constituents, concerns I have. It is concerning the Grand Haven Pride Festival, that the Ottawa County Department of Public Health was there, and so I do have some questions for you on that. I’m wondering how much money was spent to have a booth there? That’s my first question. And how was this paid? Who knew about the payment, and was this involved in that decision? Those are my starting questions.”
